

Figure 1 consists of 10 line graphs, labeled (a) through (j), each showing the percentage of respondents for a specific life event over a 10-year period. The y-axis for all graphs represents the percentage of respondents, ranging from 0 to 100. The x-axis represents time in years, ranging from 0 to 10. The data points are connected by lines, showing a general downward trend for most events over time.
